

Experience the lifestyle

On the Southern Coast of Andalucia you will discover a place which is so unique that the only way to describe it would be in the local language. Sotogrande has 'duende' - that spirit which gives a place a magical charm.

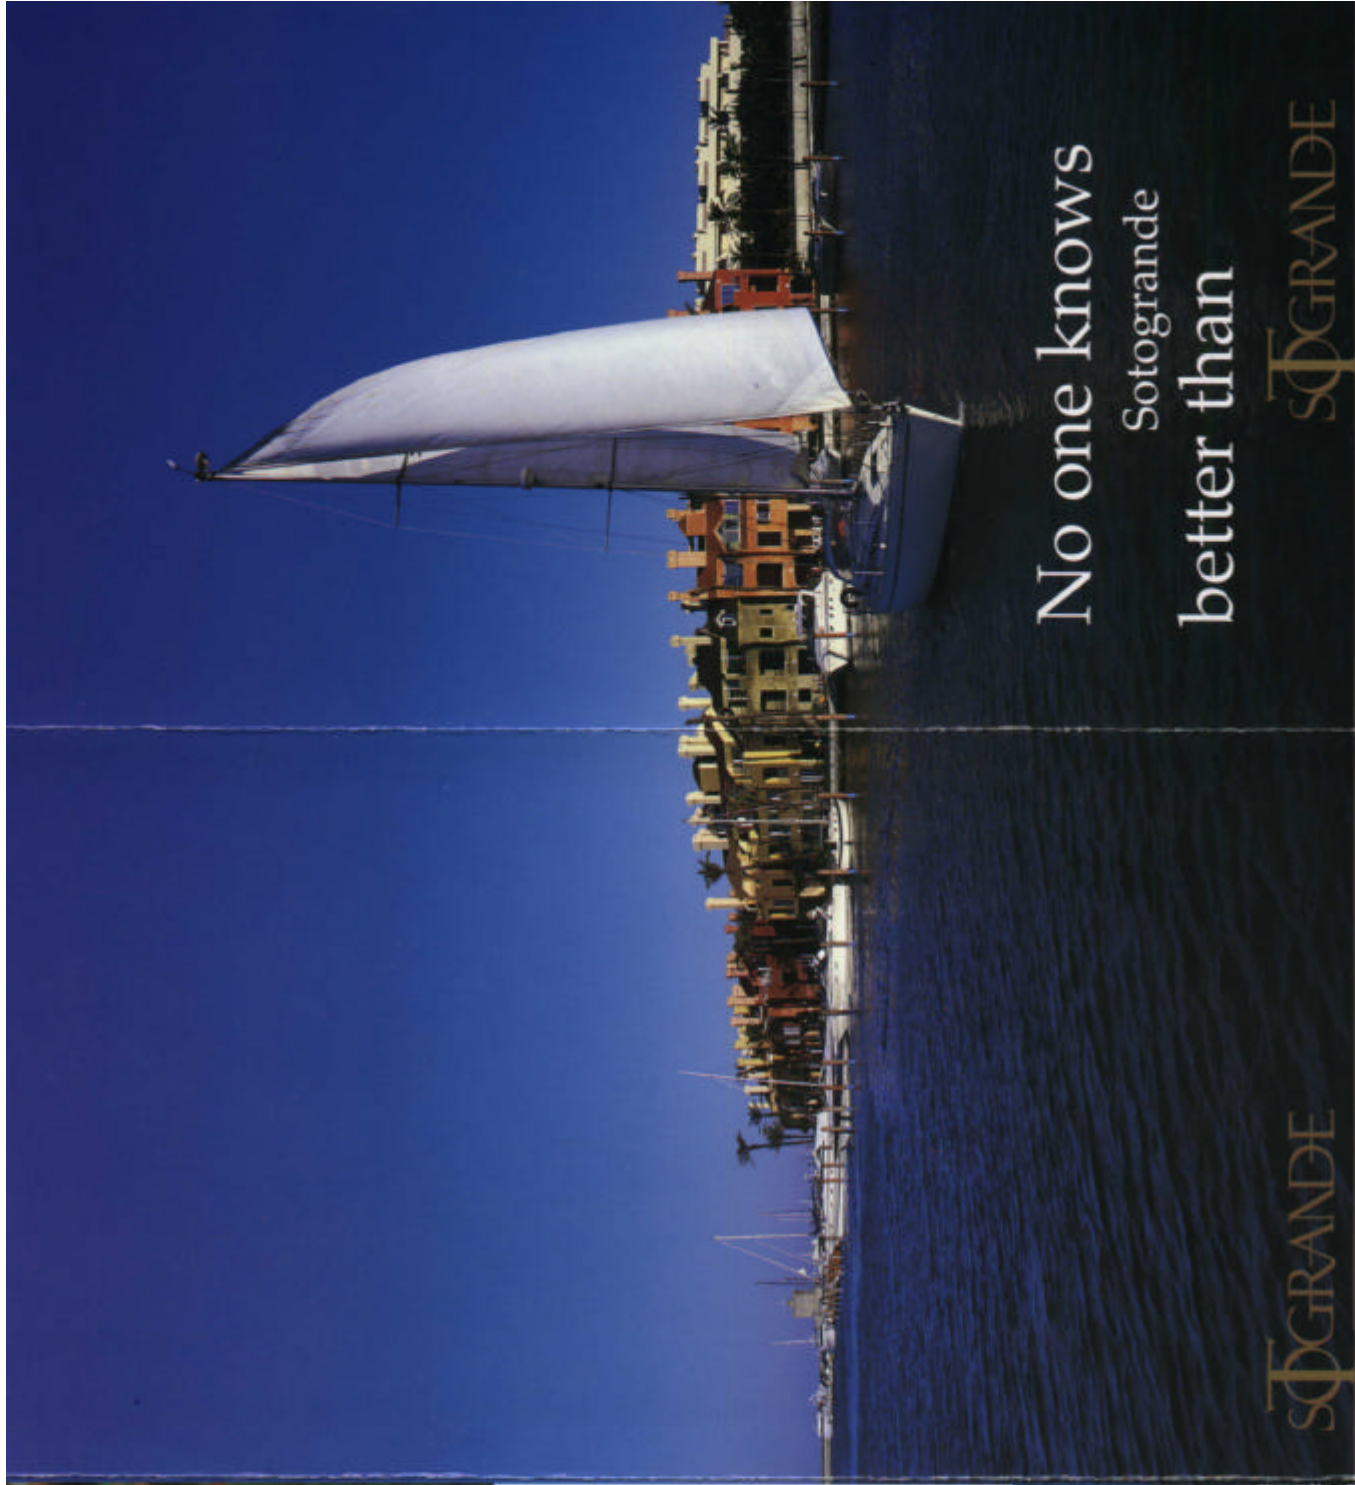

Come for the climate, or come for the atmosphere, or come just because you have found a view you want to live with. A few days experiencing the life and style of Sotogrande could make you want to change your life forever.

Sotogrande offers you the most exceptional real estate with outstanding plots on which to build villas, or the opportunity to buy off plan townhouses and apartments overlooking the mountains, the sea, the marina or golf courses.

**You may play golf at any of the four
golf courses, go sailing or riding, play
tennis or polo, or indulge yourself
and simply relax at the Almenara
Golf-Hotel & Spa. Your choice will be
satisfied at Sotogrande.**

**No one knows
Sotogrande
better than**
